A Unique Technology to **Carry More**

"Higher Payload, Lower Maintenance"

Custom Features

Customized Design:

Increased volumetric capacity, maximised payload and increased overall performance.

Special Wear Resistant Steel:

High strength impact and abrasion resistant steel plates configured to maximise life cycle and easy installation.

Customized Options:

Optional features include ducktails, flared side walls and side wall loading protection with specialty guards.

XP Design

- *Xtra Payload*
- *Xtra Performance*
- *Xtra Productivity*
